

Advanced Motor Controls
AdvancedMotorControls.com

Advanced Motor Controls is a certified UL508A industrial control panel builder, designing and manufacturing custom control panels. Also provides new and professionally remanufactured MCC buckets, motor control centers, and component parts.

Irving, Texas — Ph: 972-579-1460

Astro Controls, Inc.
AstroControls.com

Sales and service for all types of industrial molded case circuit breakers, insulated case circuit breakers, and motor controls.

Irving, Texas — Ph: 800-289-2757

CBS ArcSafe, Inc.
CBSArcSafe.com

Remote racking systems, remote switch actuators, and handheld motorized racking tools for low- and medium-voltage switchgear.

Denton, Texas — Ph: 877-4-SAFETY

CBS Nuclear Services, Inc.
CBSNuclear.com

Specializes in shop and on-site field servicing of Class 1E safety-related low- and medium-voltage switchgear and circuit breakers. Also services industrial and non-nuclear-related circuit breakers and related switchgear and substations.

Matthews, N.C. — Ph: 704-882-1875

CBS Power Products, Inc.
CBSPowerProducts.com

New alternative utility and industrial power products: transformers, switchgear, and other power apparatus.

Gainesville, Texas — Ph: 940-665-4444

Circuit Breaker Analyzer, Inc.
CBAAnalyzer.com

Providing new circuit breaker testing methods that utilize vibration analysis combined with Internet data transfer and sophisticated condition-based analysis to determine the condition of all types of circuit breakers.

Farmers Branch, Texas — Ph: 972-290-0074

Circuit Breaker Sales Co., Inc.
CircuitBreaker.com

World's largest inventory of low- and medium-voltage circuit breakers. Millions of parts in stock. Complete service, remanufacture, upgrade, and life-extension services. Match existing switchgear lineup. Also offers CBS MagVac, a line of magnetic latching medium-voltage breakers that eliminates moving parts with a magnetic latching linear actuator.

Gainesville, Texas — Ph: 800-232-5809

Circuit Breaker Sales & Repair, Inc.
CBSalesAndRepair.com

Servicing the Gulf Coast with shop or field service, repair, upgrade, or replacement of power system apparatus.

La Porte, Texas — Ph: 281-479-4555

Circuit Breaker Sales & Service, Inc.
CBS-Florida.com

One-stop service for circuit breakers, switchgear, transformers, protective relays, loadbreak switches, motor controls, unit substations, renewal parts, and repair, upgrade, life extension, and maintenance services.

Lakeland, Fla. — Ph: 863-646-5099

Circuit Breaker Sales NE Inc.
CircuitBreakerSalesNE.com

A leader in providing power distribution products and services, specializing in life-extension services and offering an expansive inventory of new, surplus, and reconditioned circuit breakers, switchgear, motor controls, transformers, and other power apparatus.

Seymour, Conn. — Ph: 203-888-7500

Circuit Breaker Store, Inc.
CBStore.com

Your online source for all Group CBS products, a powerful solutions provider with a specialty vendor network that can supply factory new, surplus new, and reconditioned circuit breakers, electrical distribution, control equipment, parts, and remote racking equipment.

Gainesville, Texas — Ph: 855-227-8673

Group CBS, Inc.
GroupCBS.com
Addison, Texas — 972-250-2500

Solid State Exchange & Repair Co.
SolidStateRepair.com

Quality, reliable, on-time service and support for all brands and types of solid-state power electronics, including circuit breaker trip devices, protective relays, motor overload relays, and rating plugs.

Denton, Texas — Ph: 877-TRIP-FIX

Transformer Sales Co.
CBSales.com/transformers/index.htm

Offers a complete line of new, surplus, and reconditioned dry-type, cast-coil, and liquid-filled power transformers from 1000 to 5000 kVA with primary voltages from 2400 V to 34.5 kV.

Gainesville, Texas — Ph: 940-665-4484

Vacuum Interrupters, Inc.
VacuumInterruptersInc.com

Provides replacement vacuum interrupters (vacuum bottle interrupters) for virtually any manufacturer's medium-voltage circuit breaker or contactor. Offers the MAC-TS4 test set to determine the condition of vacuum interrupters in the shop or field.

Farmers Branch, Texas — Ph: 214-442-5877

Western Electrical Services, Inc.
WesternElectricalServices.com

Serving the Southwest with superior quality on-site electrical testing, maintenance, and repair services as well as rebuild, upgrade, and life extension services for switchgear, circuit breakers, and motor controls.

Phoenix, Ariz. — Ph: 888-395-2021

Western Electrical Services, Inc.
WesternElectricalServices.com

The only full-service electrical testing and maintenance company in the Intermountain region.

Salt Lake City, Utah — Ph: 888-395-2021

Western Electrical Services, Inc.
WesternElectricalServices.com

The Northwest leader in electrical testing, maintenance, and power switchgear services providing on-site electrical testing and maintenance, electrical engineering studies, and sales, repair, upgrade, and life extension services of circuit breakers, switchgear, motor controls, and transformers. Also custom manufacturing of engineered and reverse-engineered parts.

Sumner, Wash. — Ph: 888-395-2021

Western Electrical Services, Inc.
WesternElectricalServices.com

One-stop shop for all electrical equipment sales, testing, and engineering needs and a utility-class service provider to the Northwest T&D market.

Vancouver, Wash. — Ph: 888-395-2021

GROUP CBS, Inc.
ELECTRICAL EQUIPMENT, ENGINEERING, AND SERVICE

New, Surplus, and Remanufactured Power Distribution Equipment and Replacement Parts

Shop Repair, Reconditioning, and Life-Extension Services | On-site Emergency/Disaster Repair and Recovery Services

Circuit Breaker Sales Co., Inc.

CircuitBreaker.com

- Low-voltage air circuit breaker repairs, replacement, rentals, and solid-state upgrades
- Medium-voltage air and vacuum starters and components
- Medium-voltage breaker replacement, rebuilds, and rental units
- Replacement transformer dry-type encapsulated 1000-5000 kVA
- Medium-voltage disconnect switches and fuses
- All associated switchgear parts and products
- Electrical engineering and reverse engineering

Circuit Breaker Sales Co., Inc., specializes in the sale and service of low- and medium-voltage circuit breakers and other electrical power distribution equipment. From our modern 200,000-square-foot facility, we provide new, surplus, obsolete, and remanufactured electrical equipment and replacement parts from the largest inventory in the U.S.

In-House Electrical Engineering

Our electrical engineering department can design hardware to upgrade and retrofit your existing switchgear up to 38 kV, design matching switchgear for expansion projects, and reverse engineer hard-to-find, obsolete, and foreign equipment. Using our state-of-the-art design facilities, in-house metal fabrication, and manufacturing centers, Circuit Breaker Sales' engineers can quickly design and manufacture any replacement part or specialty gear you need — without the long lead times common to larger OEM suppliers.

CBS ArcSafe

CBSArcSafe.com

- Remote racking solutions reduce the need for full-body arc-flash hazard suits by taking technicians outside the arc-flash boundary
- Universal remote racking solutions offer adjustable height settings
- No equipment modifications required
- Remote switching solutions are available for virtually any style or piece of electrical equipment

Based in Denton, Texas, CBS ArcSafe® offers the electrical industry's largest inventory of remote racking and switching solutions for low- and medium-voltage switchgear, including circuit breakers and motor controls.

CBS ArcSafe systems allow technicians to operate electrical equipment from up to 300 feet away, well outside the arc-flash danger zone, reducing or eliminating the need for hot and heavy personal protective equipment (PPE).

Astro Controls, Inc.

AstroControls.com

- New, rebuilt, and reconditioned insulated case circuit breakers and switchboards
- Molded case feeder breakers: all manufacturers and sizes with solid-state or thermal applications
- Low-voltage bolted pressure switches: Pringle, Square-D, Boltswitch, and all accessories
- Low-voltage switchboards and all associated parts and pieces
- Shop repairs and testing

Known as insulated case circuit breaker experts, Astro Controls also specializes in sales and service of molded case circuit breakers, bolted pressure switches, panelboards, switchboards, motor control, bus plugs, bus duct, and renewal and replacement parts.

Our experienced engineers and skilled technicians use industry standards and best practices to inspect, test, repair, recondition, upgrade, modify, and build all types of low-voltage commercial and industrial power distribution equipment.

Astro Controls provides nationwide after-hours and on-site support whenever an electrical emergency takes place. In addition to our extensive inventory and shop repair capabilities, we can repair or replace your faulty circuit breaker, bolted pressure switch, panelboard, switchboard, and other electrical equipment on-site at your facility.

Advanced Motor Controls

AdvancedMotorControls.com

- New 480-V MCC replacement buckets for old/obsolete buckets with solid-state controls
- New 480-V replacement fused disconnect switches for old/obsolete switchboards
- New and used replacement parts for all existing low-voltage motor control centers

Advanced Motor Controls stocks new and professionally remanufactured motor control centers (MCCs), MCC buckets, and component parts dating back to World War II. We specialize in MCC life-extension programs that extend the life of your existing equipment with remanufactured MCC buckets incorporating new components. AMC can integrate variable frequency drives, reduced voltage starters, and soft-start starters into the replacement MCC bucket assemblies to lower your energy consumption. This program will pay for itself over the course of a few short years.

AMC is also a certified UL508A industrial control panel builder, designing and manufacturing custom control panels to your specifications. We provide industrial and electrical control panels such as heat-trace panelboards, oil well controllers, motor control panels, automation control panels, and drop-in QMQB panelboard switches.
